# Calling Features Guide

## Call Forwarding

*\$1.50 per line, per month*

Temporarily forwards calls to a number of your choice.

*To Use Call Forwarding:*

1. Push \*72 on your touchtone telephone.
2. When a second dial tone is heard, enter the number you want calls forwarded to. Wait for an answer.
3. If the line is busy or there is no answer, hang up and repeat steps 1 & 2. Two quick tones mean call forwarding is active.
4. Check that your calls will be forwarded by pushing \*72 on your telephone. A busy signal tells you call forwarding is on.
5. Push \*73 to deactivate the service.

## Call Forward No Answer

*\$1.50 per line, per month*

If no one answers your phone after a set number of rings, the call is automatically routed to another number.

## Call Forward Busy

*\$1.50 per line, per month*

This feature is also called a “rollover line”. The feature keeps your calls coming through. When the line is busy, all other incoming calls are directly routed to another number (a second line in your home or business or a nearby phone).

## Call Waiting

*\$1.50 per line, per month*

Allows you to place a call on hold while answering a second incoming call. Push and release the receiver or flash button on your phone to answer a second call. Repeat this step to return to the original call.

## Cancel Call Waiting

*No Charge*

Allows you to temporarily turn off your Call Waiting service before making a call that you don't want interrupted.

1. Before making the call, push \*70 on your touchtone phone. You will hear 3 short tones followed by a dial tone.
2. Place your call.
3. Call Waiting is automatically restored when you hang up.

# Calling Features Guide

## Call Manager

*\$3.95 per line, per month*

Dial \*99 From your home phone

### Main Menu:

**Press 1** To ADD a number to your Blocked list

**Press 2** To Remove a number from your Blocked list

**Press 3** To Remove ALL numbers from your Blocked list

**Press 4** To ADD a number to your known list

**Press 6** To turn the Entire service ON

**Press 7** To turn the Entire service OFF

Note: If you wish to add the last caller's number to your Blocked list, simply hang up and dial \*98

## Speed Dialing

*\$1.50 per line, per month*

Allows you to reach up to 8 called numbers by dialing one or two digits instead of the entire phone number.

*To Program Speed Dialing:*

1. Assign a single digit code (2-9) for each phone number to be stored.
2. Press #74.
3. Dial your selected code, followed by the phone number. For long distance calls, be sure to include the area code. A tone indicates the number has been stored.

## Caller ID

*\$4.50 per line, per month*

Lets you know who is calling before you answer the phone. Caller ID requires a display unit which will display and store names and numbers of recent callers.

*To Use Caller ID:*

1. After Caller ID is activated, follow the instructions with your display unit to install and operate.
2. Calls marked "Private" or "Blocked Caller" are from callers who have chosen to block delivery of their information.

## Call Name & Number Block

*\$1.50 per line, per month*

Keeps your phone number from being displayed on Caller ID display units. When a call is placed, the identification panel on the other party's phone will indicate the call is coming from an unknown name and number.

# *Calling Features Guide*

## **Three Way Calling**

*\$1.50 per line, per month*

Allows a caller to talk to two other callers at the same time, to add a second person to a call, or to put one call on hold while making a second call.

*To Use Three Way Calling:*

1. Put your first call on hold by pushing & releasing the receiver or flash button on your phone.
2. Wait for three brief tones and a dial tone. Make your second call.
3. When second caller answers, push & release the receiver or flash button to connect all three callers. You may talk privately with the second caller before making three way connection.
4. If the third caller's line is busy or there is no answer, push the receiver or flash button twice to return to the original call.
5. The first call will end when that caller hangs up.
6. The second call will end when you push and release the receiver or flash button.
7. Both calls will end when you hang up.

## **Serial Hunt**

*\$5.00 per line, per month*

Busy businesses or homes with more than two lines can use this feature to allow calls to be connected when your main line is busy. When the main line is busy, the feature will "hunt" for the next available line and connect your call.

## **Voice Mail**

*\$4.75 per line, per month*

Voice Mail service records your incoming calls when you cannot answer or when your line is busy. Messages can be checked from anywhere in the world. A voice mail brochure with complete details is available at the Hawarden City Offices.

***Please keep in mind that some calling features are not compatible with each other. For details, please call the Hawarden City Offices at (712) 551-2565.***

# Explanation of Fees

## **Look Closely at Your Telephone Bill**

Identify billing mistakes to save money. Examine your monthly bill closely. Although telephone bills vary between companies and can be confusing, some common charges (often under different names) are easily identifiable.

## **You Have Choices**

Examples of fees that are carrier-specific are Universal Service Fund (USF) charges, Monthly Service charges, and Monthly Minimum Usage charges. These fees raise competitive pricing issues between carriers and plans.

## **Federal Universal Service Charge**

This may appear on your bill as Universal Service Charge, Universal Service Fund (USF) Charge, Carrier Universal Service Charge, Federal Universal Service Fund Surcharge, or Universal Connectivity Charge. The Federal Communications Commission (FCC) requires all companies providing telephone service between states to participate. The USF helps ensure affordable access to telecommunications services for low-income customers and provides telecommunications subsidies for libraries, schools, and rural health care providers in areas where the cost of providing telecommunications services is very high. All interstate telephone service companies pay the same percentage into the USF, but most have different methods of assessing the costs to customers. Phone companies are not required to charge customers for USF, but most do. Some charge a flat monthly fee. Others charge a percentage of all or a portion of a customer's bill. This charge can vary dramatically between telephone companies.

## **Monthly Service Charge**

Unlike Monthly Minimum Usage Charges, Monthly Service Charges are a flat-fee which customers pay long-distance providers as part of some plans. The total number of calls made does not affect this charge. It may be called a Monthly Recurring Charge.

## **Minimum Usage Charge**

Some long-distance plans contain a Monthly Minimum Usage Charge. These plans are generally not economical for customers not meeting certain call volume requirements. If your plan includes a monthly minimum usage charge of \$5 and you make less than \$5 worth of long-distance calls during the month, you'll still pay \$5.

## **End User Common Line Charge**

A standard Federal Access Charge is customary on monthly telephone bills. Today's Federal Access Charge might also be called a Federal Subscriber Line Charge, Local Subscriber Line Charge, Customer Line Charge, Interstate Access Charge, or Interstate Single Line Charge. The fee allows local telephone companies to recover some costs for telephone lines connected to residences or businesses. It is regulated and price-capped by the FCC. Customers with single lines to residences and businesses are subject to a minimum monthly fee, but those with multiple lines must pay higher fees for additional lines, which are subsidized to a lesser degree.

## **Number Portability**

Local number portability enables you to keep your existing telephone number (at the same location) if you change your local phone company. The Local Telephone Number Portability Charge, is usually a small, fixed monthly fee. The FCC allows local telephone companies to bill monthly for this. It allows them to recover costs for providing local number portability service, which must actually be available before you can be charged for it. The fee can only be effective for a maximum of five years from the date it was first imposed. Local telephone companies cannot charge this fee to customers on the Lifeline Assistance Program.

## **Single Bill Fee**

If you receive local and long-distance service from two separate providers and are billed for both services on one telephone bill, you may be charged a fee for this billing convenience. You can avoid being charged this fee by signing up for local and long-distance with the same company or by requesting separate billings for local and long-distance service.

## **Extended Area Service**

Extended Area Service (EAS) provides non-toll calling to neighboring local telephone exchanges for a minimal monthly fee. It may appear on your phone bill as an EAS surcharge, or it may be included in the basic rate for local telephone service. Traditional EAS is approved by a 65-percent minimum favorable vote of local telephone company subscribers, and all subscribers must pay for it. Some EAS plans have been eliminated in recent years as the cost of long-distance communications through other means has decreased.

## **Iowa E-911 Surcharge**

Many Iowa counties assess an E-911 wireline surcharge to telephone customers. Local phone companies collect the E-911 charge through monthly billing. County E-911 service boards are empowered to establish the local surcharge up to a monthly maximum of \$1. All funds help upgrade and improve the state's E-911 system.

## **Contact Your Carrier**

Always read your telephone bill before paying it. If you don't understand something, call your carrier and ask for an explanation of your bill. Your carrier should be able to explain any of the multitude of fees and charges that can show up on your bill. If you have additional questions, call the Iowa Utilities Board at 1-877-565-4450.

# Consumer Tips

## Unwanted Sales & Survey Calls

- Be careful when listening to the offers that may sound too good to be true, that is usually the case.
- Report any company using questionable sales pitches to the Better Business Bureau or the Iowa Attorney General's Office.
- To disconnect from a computer generated call just simply hang up your telephone.
- To have your name removed from calling lists:  
register with the national "do not call" registry  
online at: **www.donotcall.gov** or by calling  
1-888-382-1222
- Do not give out information about you that may be used fraudulently such as your credit card number, social security number, etc.
- The City of Hawarden at no time will lease or sell name lists to anyone except for the use in telephone directories. Unlisted names are never given out to anyone.

## Obscene or Harassing Telephone Calls

It is against the law to make obscene or threatening phone calls. Telephone harassment is a crime. Penalties include imprisonment and/or a fine. Please contact the Hawarden Police Department for information on how to stop obscene or harassing telephone calls.

## Directory Assistance

As a HITEC customer you will receive two (2) free Directory Assistance inquiries every month. Each additional inquiry will cost \$.50 per inquiry. The number which you should use to reach Directory Assistance is: **1-411**. This number is universal and can be used to obtain telephone numbers from anywhere in the country.

## Automatic Payment Plan

You can pay your HITEC bill through our Automatic Payment Plan by having your payment automatically transferred from your bank account each month. There is no charge for this service and you may sign up by visiting the Hawarden City Offices.

# Consumer Tips

## **900 Blocking Service**

*What are "900" numbers?*

Many companies offer informational services that begin with "900." Customers are charged a per-minute price for these calls and these charges will appear on your local telephone bill. "900" calls are required by law to contain an introductory disclosure message specifying types of charges, time necessary to complete the call, and an option to disconnect without charge at the end of the message.

The price and content of "900" services are the responsibility of the companies that provide the information. HITEC can place a "900" block on your telephone which will not allow this type of call to be made from your telephone.

## **Going South For The Winter?**

HITEC has two money-saving ideas. 1) Put your phone on vacation. Your basic telephone service is 50% less. Your cable is disconnected. You stay in all our databases and directory assistance. 2) Disconnect phone completely. If you disconnect completely, your information will be taken out of all databases and directory assistance. You may miss being printed in phone books and your long distance service may not be activated as quickly upon your return.

Please call HITEC when on your way home so that we can have everything reconnected by the time you return.

## **Resolving Complaints**

If you have a problem or complaint with HITEC Communications telephone service, please call us at 712-551-2565, or visit or write us at: HITEC, 1150 Central Avenue, Hawarden, IA 51023. If HITEC does not resolve your complaint, the service may be subject to state regulation. You may request assistance from the Iowa Utilities Board by calling 515-725-7321, or toll free 1-877-565-4450, or by writing to 1317 E. Court Ave., Rm. 69, Des Moines, IA 50319, or by e-mail to [customer@iub.iowa.gov](mailto:customer@iub.iowa.gov).

# ***Low Income Assistance***

## ***Lifeline***

Lifeline is a government benefit program supported by the Universal Service Fund that provides a discount on phone service for qualifying low-income consumers. Lifeline helps ensure eligible consumers have the opportunities and security that phone service brings. Consumers with proper proof of eligibility may be qualified to enroll.

To participate in the program, consumers must have an income that is at or below 135% of the poverty guidelines or participate in a qualifying state, federal or Tribal assistance program.

Federal rules prohibit eligible low-income consumers from receiving more than one Lifeline discount per household. An eligible consumer may receive a discount on either a wireline or wireless service, but not both. A consumer whose household currently is receiving more than one Lifeline service must select a single Lifeline provider and contact the other provider to de-enroll from their program. Consumers violating this rule may also be subject to criminal and/or civil penalties.

***For more information or to apply  
please call or visit the Hawarden City Offices.***

# *Relay Iowa Service*

## ***What is Relay Iowa?***

Relay Iowa is a specialized service that guarantees all citizens access to prompt, professional and accurate communication through the telephone. Consumers of these specialized services, specifically individuals who are deaf, deaf-blind, hard of hearing or have difficulty speaking, can communicate on the telephone via TTY, Voice Carry Over (VCO), Hearing Carry Over (HCO), Speech-to-Speech (STS), Spanish and Captioned Telephone in order to connect with family, friends or businesses with ease.

## ***How does relay work?***

Dial 7-1-1 or the appropriate toll-free number provided below to connect with Relay Iowa. A Communication Assistant (CA) will ask for the area code and number of the person you wish to call and will begin relaying the conversation. Generally, the CA will voice the typed message from the text telephone (TTY) user to the hearing person on the other end. The CA then relays the hearing person's spoken words by typing them back to the TTY user. Specialized relay services are also available for individuals who have difficulty speaking and for Spanish speaking residents.

## ***Captioned Telephone***

Captioned Telephone is ideal for individuals with hearing loss who are able to speak for themselves. A captioned telephone works like any other telephone with one important addition: it displays every word the other party says throughout the conversation. Captioned Telephone users can listen to the caller and read the captions on the display window. To call a Captioned Telephone user, dial: 1-877-243-2823.

## ***How do I apply for specialized equipment?***

The Iowa Equipment Distribution Program, called Telecommunication Access Iowa (TAI), helps pay for specialized equipment for residents of Iowa who are deaf, deaf-blind, hard of hearing or have difficulty speaking. Qualified individuals can receive a voucher for approximately 95% of the average cost of specialized telephone equipment. To apply online, go to: [www.relayiowa.com/tai/](http://www.relayiowa.com/tai/) or call 1-800-606-5099 Voice/TTY.

# *Community and Economic Development*

The City of Hawarden is the place where your business and family can grow and prosper. You will enjoy a rural quality of life with the small-town atmosphere and family-friendly environment you want for your family and your employees. We have a growing business and industrial environment, a great school system, and numerous active churches of many denominations.

The city provides a central North American location with quick access to both Sioux Falls, South Dakota and Sioux City, Iowa. We have excellent transportation network access via nearby interstates (I-29, I-90, I-80) and quick access to more distant markets through our nationwide rail interconnectivity partners.

We have a deep pool of skilled and trainable employees looking for opportunities to challenge themselves and become better workers. You, your family and employees will find affordable housing, top-notch education opportunities, and some of the best recreational experiences in the upper Midwest.

The City of Hawarden and the State of Iowa work together to offer business assistance and incentive programs making your move to our community hassle free. Whether your project is a relocation, expansion or startup you will find qualified city staff and a willing city council who will work with you to make your project a success!

**Buildings:** Hawarden currently has several move-in ready facilities for your expansion or relocation project. Most come with adjoining property to allow for future expansions. If the right building for you is not available, the City of Hawarden will work with you to build the necessary facility that fits your needs.

**Land:** Lots of various sizes and zoning designations are available for sale in Hawarden. The city owned Hawarden Industrial Park is shovel ready with essential infrastructure built out to individual sites.

# *Community and Economic Development*

**Business Assistance:** The City of Hawarden's Community and Economic Development staff will work with your business one-on-one to assist you in building, expanding or bringing your business to the City of Hawarden.

Our business assistance service provides direct technical assistance in addition to referrals to specialized partners. In partnership, we can provide help with financial, regulatory, workforce and other needs you may have. For more detailed information please visit the Economic Development section of the City of Hawarden's webpage.

**Workforce:** The City of Hawarden and Sioux County labor market area contains a total workforce of over 172,000. Current employers are quick to say that you'll find a dedicated and educated workforce.

A detailed labor market study and a position specific modeling program is available in the Economic Development section of the City of Hawarden's webpage. If you have additional questions about our workforce, please feel free to contact us directly.

**Education:** The City of Hawarden is home to the West Sioux Community School District. In addition to our local school system there are ten regional venues of higher education ranging from technical schools to four-year universities.

# *Hawarden Chamber*

***www.hawardenchamber.com***

The Hawarden Chamber & Economic Development, Inc is a non-profit business organization made up of and led by a group of professionals who volunteer their time. Individual, family, organization, and business members work together to build a thriving economic environment by promoting the community and assisting the growth of business and employment opportunities through vision and leadership. In addition, the Chamber works together with the City Council on economic development in order to increase the number of local job opportunities, improve the overall economic prosperity of our area, increase property values, stabilize tax rates and improve the quality of life.

**The Hawarden Chamber** is organized into three committees of area residents that volunteer their time to make Hawarden a better place to live, work, and play. Visit us online at [www.hawardenchamber.com](http://www.hawardenchamber.com). For membership information please call 712-551-4433.

**Retail Community Events Committee** – This committee’s focus is to conduct promotions that gather businesses together as well as to conduct community wide, quality of life events that create a positive environment in which to live, work, and play. Ex: Ribbon Cuttings, Grand Openings, Spring Fling, Big Sioux River Days, Festival of Trees and Fireworks.

**Development Committee** – This committee’s main focus is to assist businesses with physical, financial and guidance resources necessary to locate, expand, or develop within the City.

**Organization/Membership Committee** – This committee’s main focus is to maintain the organizational structure as a whole. Ex: Elections, Membership Drive, Annual Banquet, Chamber Coffee and Chamber After 5.
